1 INTRODUCTION

- 1.1 Colliers Green Church of England Primary School is committed to promoting fairness and equality in everything that the school does acknowledging the diversity of all people who make up our school community. Equality involves a fair environment in which everyone can participate and is given the opportunity to achieve. Diversity recognises and values differences between individuals and groups to create a positive and inclusive culture for the benefit of the community of Colliers Green Church of England Primary School.
- 1.2 Colliers Green Church of England Primary School believes that every member of the school community has the right to be treated with dignity, understanding, tolerance, respect and fairness and to be in an environment free from abuse, offensive behaviour, prejudice and unfair discrimination. In seeking to eliminate direct or indirect unfair discrimination and to promote equality of opportunity and fair treatment Colliers Green Church of England Primary School will actively promote policies and procedures aimed at realising the full potential of every individual. Colliers Green Church of England Primary School will endeavour to maximise resources to ensure that opportunities are open to all. It is the objective of Colliers Green Church of England Primary School to comply with the spirit as well as the letter of the law.
- 1.3 Unfair discrimination may include harassment, stereotyping, prejudice, bullying, and victimisation. This may be direct where a person is treated less favourably than others would be in similar circumstances or indirect where a requirement is applied equally to all groups but has a disproportionate effect on the members of one group because a considerably smaller number of members of that group can comply with it. This applies whether intentional or not. Unfair discrimination may include actual or perceived grounds. It also covers and protects a person who is friends with or associates with somebody who is covered by a particular ground. Direct discrimination is unlawful unless it can be objectively justified. Indirect discrimination is unlawful unless it can be justified for reasons unrelated to the issue in question. Unfair discrimination will not be tolerated and may constitute a serious disciplinary offence. In extreme cases it may involve a criminal act which will be reported to the police.
- 1.4 This policy does not mean that everyone will be treated equally. Different people may be treated in different ways depending on their requirements.
- 1.5 This policy and any related procedures will be easily accessible and well publicised. This policy intends to comply with all statutes and regulations and the present and future legislation will override this policy if appropriate.

1.1 PART ONE

1.1.1. Colliers Green Church of England Primary School Single Equality Scheme

This Scheme sets out the strategies of what we are currently doing and plan to meet our general and specific equality duties and to achieve our aims for equality and diversity in particular as regards disability race and gender. We want this scheme to influence and inform the way we deliver our educational services.

1.1.2 Strategy 1 – Vision and Values

Equality, fairness and valuing of diversity at Colliers Green C of E Primary School is embedded within our vision and values. Our Vision is to:

The vision is supported through our Values: ***Aspiration, Resilience and Community***

At Colliers Green Church of England Primary School, we believe that everyone works to deliver our vision and values through team work, which is encompassed in our bible verse for Community

“Let us hold resolutely to the hope we confess, for He who promised is faithful. And let us consider how to spur one another on to love and good deeds.”

Hebrews Chapter 10, Verse 23 & 24

- We recognise the importance of collecting analysing and acting upon information to successfully discharge our duty of equality

1.1.7 **Strategy 6 – Current inequalities and barriers should be addressed and reduced**

In addition to avoiding or minimising possible negative impact, policies, practices and procedures should take opportunities to maximise positive impact by addressing, reducing or removing inequalities and barriers that may already exist between:-

- Disabled and non-disabled people. People of difference ethnic cultural and religious backgrounds boys and girls, women and men
- We wish to involve those who may in the past have been excluded or disadvantaged or continued to face barriers due to disability, race or gender.
