Staff Acceptable Use of Technology Policy (AUP)

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Colliers Green Primary School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for children, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand Colliers Green Primary School expectations regarding safe and responsible technology use and can manage the potential risks posed. The AUP will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

Policy scope

1. I understand that this Acceptable Use of Technology Policy (AUP) applies to my use of technology systems and services, either provided to me by the school or accessed by me as part of my role within Colliers Green Primary School, professionally and personally, both on and offsite. This may include my use of devices such as laptops, mobile phones, tablets, digital cameras, as well as IT systems and networks, email. data and data storage, remote learning systems and communication technologies**.**

2. I understand that Colliers Green Primary School Acceptable Use of Technology Policy (AUP) should be read and followed in line with the school child protection policy, staff code of conduct, and use of social media policy.

Reasonable personal use of school IT systems and/or devices by staff is allowed; however this is at the school's discretion and can be revoked at any time.

Data and system security

6. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.

    - I will protect the devices in my care from unapproved access or theft by not leaving devices visible or unsupervised in public places.

7. I will respect school system security and will not disclose my password or security information to others.

8. I will not open any hyperlinks or attachments in emails unless they are from a known and trusted source. If I have any concerns about email content sent to me, I will report them to the IT system manager.
